TERMS OF THE CONTRACT

VEHICLE SOLD "AS IS": The motor vehicle sold under this contract is being sold "as-is" and is not represented as being in roadworthy condition, mechanically sound or maintained at any guaranteed level of quality. The vehicle may not be fit for use as a means of transportation and may require substantial repairs at the purchaser's expense. It may not be possible to register the vehicle to be driven in its current condition.

If this space is not initialed, this clause does not form part of this agreement.

This fire truck is a very rare find. It is a 4 x 4 tanker with very low miles! Actually only 22 000! It has a pump and roll fire pump with a 750 gpm capacity. You can pump and spray down a fire line at the same time. Need to go off road to fight your fire? The 4 x 4 on this truck makes it an amazing truck for wild land interface or rural fire fighting getting down some of those winter back roads for a fire call. This fire truck is like new and for only \$129 000 it won't last too long. Call Fenton Fire today about this or any of the other fire trucks we currently have on the site.
